

DD/A ROUTED
84-1533/L

AM-ER84-2119

Ms. Wendy Monson
Director of Public Affairs
Federal Railroad Administration
U.S. Department of Transportation
400 Seventh Street, S.W.
Washington, D.C. 20590

Dear Ms. Monson:

Your letter of May 21, 1984 to Mr. Casey has been forwarded to me for a response.

The Agency would normally be pleased to make the softball facilities available for your use. However, the contractor has commenced work on the new building, and the softball field is under his control. It is our understanding that he will shortly begin to use the ballfield for fill dirt accumulated during the excavation process in preparation for construction of a temporary parking area.

We regret that the ballfield will not be available at the time of the picnic and hope that alternative arrangements can be made.

Best wishes to all for an enjoyable day.

Sincerely,

STAT

Harry E. Fitzwater

Mr. William J. Casey
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Casey:

of your Office of Public Affairs has suggested I contact you.

STAT

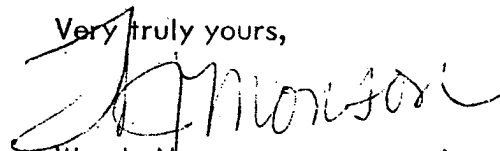

The Federal Railroad Administration is planning a picnic for its Washington staff on July 21. We are considering having the picnic at the Federal Highway Administration's facility in Langley.

During the picnic we would like to have a FRA softball tournament. While there is ample space at FHWA for the picnic activities, space for a softball diamond is limited. Would it be possible for us to use CIA's softball facilities which are right next to the area we will be using for the picnic? We will be responsible for anything that might happen through the course of the day and would leave the area in the same condition as when we arrived.

If you have any questions or need additional information, please contact my assistant Tom Simpson at 426-0881.

I hope you will look favorably upon our request.

Very truly yours,

Wendy Monson
Director of Public Affairs
